# FAMILY FILES INDEX

---

The Family Files are small genealogical collections. They may include family history research, pedigree charts, vital records, biographical sketches, and other materials compiled by researchers. To request a file, please fill out a green call sheet.

**Search Tip:** The index is organized alphabetically by family name and sometimes by subject (e.g., Quaker). To search for a name or subject, press CTRL+F (Windows) or CMD+F (MAC). Type the name in the search box. The first match will be highlighted. Press Enter or click the Next button to navigate through the results.
